CHARGE AUTO THEFT

OMAHA MEN ARRESTED HERE ARE TURNED OVER TO OFFICERS

ONE MAY BE DESERTER

Grip Carried Found to Contain Soldier's Clothing—Refused to Talk When Questioned Last Night

Charged with having stolen a Ford automobile from the garage of A. Goldstein of Omaha Harry Smith, 21, and William Hall, 27, were taken back to that city last night by officers who came for them, following their arrest here Tuesday night by Officer Ed Wallace.

The two drove into town shortly after dark and after having his suspicions aroused by their actions Officer Wallace decided to investigate. He found the rear of the car filled with tires and other automobile accessories and further search disclosed an effort had been made to file the serial number off the engine. The car bore no license tag.

Learning the pair were from Omaha the authorities there were notified and Chief Edwards was advised to hold them until an officer came for them. Mr. Goldstein and a detective from headquarters arrived last night and had little difficulty in identifying the car.

Questioned by the Maryville police the men declared they had purchased the car and were on their way to St. Joseph. A search of their belongings found they had but fifty cents between them. A speedometer that was on the car was missing and a broken front fender indicated they had met with a mishap.

To the Omaha officer and Mr. Goldstein they would admit nothing and refused to talk. They at first intimated that they would not return without requisition papers, but later were persuaded to go without them and were taken back this morning.

Smith is believed to be an army deserter, as a grip he had left in the rear of the Real Estate bank was found to contain parts of a soldier's uniform.

STOP RIDING ON SIDEWALKS

Boys On Bicycles Who Have Made It a Practice Are Given a Severe Lecture By Mayor Garrett

With numerous complaints to the police of boys riding on the sidewalks on their bicycles endangering pedestrians, Chief Edwards, in an effort to put a stop to the practice, rounded up ten or fifteen youthful offenders early this morning and had them appear before Mayor Garrett in police court. The mayor gave them a lecture on the danger of the practice, with the promise that if it was continued something more severe would result. The boys promised to use the streets when riding their wheels.

Mr. and Mrs. Lewis Anderson received a card today saying their son, James, had arrived safely overseas.

Wanted
WALNUT LOGS

An appeal for our country as a whole.

We, the Penrod Walnut Veneer Co., of Kansas City, Mo., are the manufacturers of gunstocks and airplane propellers for the United States. This is one of the most practical needs for our army in France. The manufacturers of gunstocks are running short every day. There is a shortage of 3,500 per day. It is a fact that walnut is not so plentiful as it has been in past, but there is walnut enough in our country if the people would only respond as they should. It is not only a patriotic duty for you are getting value received for the timber. The valuation is the highest ever known. It is the highest timber market at present time. Why? Because the demand was never so great, and it is at its highest. Many people think, because they haven't a large number of trees that it wouldn't mean much, but, it will take every log of the diameter of 12 inches and up and if those who have walnut would notify our buyer, Beryl McClelland, P. O. Maryville, Mo., box 200 or our office.

This will be greatly appreciated by the mill and our government.

Respectfully,
Penrod Walnut Veneer Co.,
Kansas City, Mo.

BOOZE CAUSED "STOP OVER"

Iowans On Way Home With Load of Liquor, Arrested for Speeding and for Being Intoxicated

Frank Clayton and Homer Johnson of Clearfield, Ia., on their way home from St. Joseph in an automobile did not expect to stop over in Maryville last night, but whisky caused a sudden change in their plans, a habit booze has.

Clayton and Johnson, with a car loaded with booze, were enroute to Iowa via Maryville and when they get inside the city limits proceeded to break all speed records and Clayton, who was driving, was arrested. Johnson, who, in an attempt to lighten the load by absorption, only made matters worse and was taken into custody and charged with drunkenness. In police court Clayton paid a fine of $5 and costs for fast driving and Johnson contributed $1 and costs for being intoxicated. They left early this morning after settling with Mayor Garrett.

FARMER COAL CLUBS URGED

Fuel Administration Rules That Licenses Will Be Issued Till Sept. 1

In order that the farmers may have an opportunity to lay in their winter's supply of coal this summer County Fuel Administrator J. J. Heifner has received word from State Fuel Administrator Wallace Crossley that farmers' clubs will be given license to purchase coal until September 1.

The plan is to have all farmer communities organize and name one of their number as purchasing agent. On application to Mr. Heifner a permit will be issued giving them the privilege of ordering coal by the car load as are dealers. This privilege will only be given until September 1 when they will have to take their chances of getting a supply.

Mr. Heifner urges that rural communities organize at once so that they can get their winter's coal laid in before the time limit expires.

KILL GRASSHOPPERS NOW

Young Ones Are Appearing In the Clover Fields—Will Destroy Seed Crop If Not Exterminated

Young grasshoppers are beginning to make their appearance in the clover fields and farmers are beginning to be anxious about their seed clover crop. The first cutting is not bothered by the hoppers, but unless prevention methods were used the second crop will be despoiled and with the price of clover seed around $12 a bushel it is well worth saving. J. M. Huston, district farm agent, says the hoppers may be exterminated by using the following preparation: Wheat bran 25 lbs., Paris green or crude arsenic 1 lb., 6 oranges or lemons finely chopped, 2 qts. low grade molasses, 2 to 4 gallons of water. The bran and poison should be mixed dry after which add water and fruit. This is enough for a thirty acre field and should be distributed liberally. The cost per acre is estimated at about 35 cents.

Farmers having trouble with pests or grain disease of any kind will do well to see Mr. Huston, who will aid in eliminating them.

ARMY IN NEED OF BOATMEN

Men With Some Experience On Small Boats Are Required

The government is seeking men with some experience in handling small boats on inland waterways or who know something of the operation of barges. The state's quota for men who are required in this service is 499 and advice received by the local draft board says that it has not been filled. Volunteers will be received for this branch of the service by the local board and all men who can qualify are assured of good wages.

Editor Hull for Representative.

The Pickering Items in the Hopkins Journal this week had the following: "If the Republicans want a good man for representative why look any farther than the Tribune office in Maryville? Fred Hull can deliver the goods and we give the people of Nodaway county credit with having enough sense to make his election certain. Such a representative as Mr. Hull would be a credit to the county. Draft him!"

Miss Alta Doyle has been engaged to teach the coming term at the Herron school.

NEXT LIBERTY LOAN

PROBABLY WILL BE FLOATED NEXT OCTOBER

WILL ASK SIX BILLIONS

Secretary McAdoo Plans Treasury Certificates—Short Term Notes to Pay the Debt and Ease Loan

Washington, June 20.—The government's financial program for the next four months was disclosed today by Secretary McAdoo's announcement that, in preparation for the fourth Liberty Loan to be floated probably in October, about $6,000,000,000 certificates of indebtedness will be issued. They will be offered in blocks of $750,000,000 each, every two weeks beginning on June 25.

Every national bank and trust company is asked to assist the government by subscribing 5 per cent of its gross resources monthly. The certificates will bear 4½ per cent interest, like those preceding the third Liberty Loan, and will have varying maturity periods, none exceeding four months.

In addition, an undetermined quantity — perhaps $2,000,000,000 — of tax certificates will be issued during the summer for use in paying the taxes a year from now.

The announcement of this program indicated that the fourth Liberty Loan will be for at least $6,000,000,000, the exact amount depending on government expenditures in the next few months. The treasury has already estimated these roughly at about $12,000,000,000 between July 1 and next January 1.

The sale of certificates, under the plan in effect during the past year, amounts virtually to borrowing in advance from banks on projected popular war loans or tax collections and periodically refunding these short term obligations in long term Liberty Bonds. Depository banks make 2½ per cent net the difference between the 4½ per cent interest paid by the government and the 2 per cent collected for deposits.

The future financial program was announced at this time to enable the banks to prepare for the government demands. In a letter to the presidents of each of the 7,500 national banks and 20,000 state institutions, Secretary McAdoo said.

"The expenditures of the government as nearly as can be estimated will require the sale of certificates of indebtedness up to the first of November, 1918, aggregating approximately $6,000,000,000. This would involve the issue every two weeks of about $750,000,000 of certificates substantially similar in character to those issued prior to the third Liberty Loan except that they will have various maturities, not exceeding four months."

PEEK-A-BOO WAISTS BARRED.

Chicago, June 20.—Those in whose care rests the social and moral welfare of the Great Lakes jackie have issued a book of rules to govern the functions and dances he may attend. Among the rules made public here are:

Girls must not wear "peek-a-boo" waists when dancing with Jackies or low-neck gowns. There must be no "jazz" music. The "clinch" is as barred on the dance floor as in the ring. Curfew must ring at 11 o'clock sharp. Girls must be seen to their homes by chaperones.

Mighty Glad to Get Back to God's Country Says Pastor of First Christian Church

Rev. C. Emerson Miller of the First Christian church is home from Camp Doniphan, Okla., where he has been for the past month, having been sent there in the interest of religious work among the soldiers. Rev. Miller says he is mighty glad to get back to God's country, Oklahoma being hot and dusty and full of grafters, with especial reference to Lawton adjoining the artillery camp. Rev. Miller will fill his pulpit as usual at both services Sunday.

KU KLUX KLAN AGAIN

ORDER BUSY IN SOUTH PAYING ATTENTION TO SLACKERS

TAR, FEATHERS AND LASH

Quietly and Silently They Work and Orders Seem to Come Out of the Air — Are Always Mounted

Memphis, Tenn., June 20.—The Ku Klux Klan is growing. It promises to assume the place it held right after the Civil War. No other agency holds such terror for evildoers as does the hooded Klan.

Reports from Texas, Oklahoma, Louisiana, Tennessee, Mississippi, Alabama, South Carolina, Georgia and Florida indicate that the Klan is getting together in hundreds of communities.

Quietly and silently it works. It is not recognized as an organization. It has no visible head. Orders come from out of the air. Punishment is swift and sure.

Death is the extreme penalty, yet seldom administered. Tar and feathers and the lash are most commonly used.

One of the most striking results growing out of the Klan is found among negro laborers. A negro who will not work is a slacker. He is given a warning by the Ku Klux Klan. A second warning is never given. Most often it is not necessary. The offender has gone to work voluntarily or has tasted the bite of the whip and the smart of the salt rubbed in his wounds and has left for other parts.

Pro-Germans and other enemies of the United States are also under the eye of the Klan. In numerous towns, the Klan, in cowl and mounted, has passed silently through the streets, a warning to all slackers.

ARREST TWO DESERTERS

Anderson, Ind., Soldiers Turned Over to Sheriff by Wabash Officer

Two deserters from the United States army, who gave their names as A. J. Shull and B. Urbansky, were arrested on a Wabash train last night by a special officer of the company and turned over to Sheriff John Dowden to be returned to Ft. Leavenworth, Kans., where they will be placed in the Disciplinary Barracks. The men said they were from Anderson, Ind. Sheriff Dowden will take them to Ft. Leavenworth this afternoon.

Mr. and Mrs. Gray at Home.

Mr. and Mrs. Edward Gray returned today from El Paso, Texas, where they have been visiting Captain Charles T. Bell, who is stationed at Fort Bliss, near there. Mr. and Mrs. Wright made the trip to El Paso in the Bell car, a distance of 1,400 miles, in six days.

Douglas Thompson of Camp Doniphan, Okla., who has been spending a furlough at Hopkins with friends and relatives, has been ordered to report to Camp Merritt, N. J., and will leave this week for that place.

Alva Taylor Overseas.

Alva Taylor has arrived safely overseas, according to a message received yesterday by Pearl Taylor, a brother.

FOOD DEALERS MEET

CALLED BY FOOD ADMINISTRATOR PROBLEMS ARE DISCUSSED

A FAIR PRICE COMMITTEE

Will Decide Maximum Price That May Be Charged By Dealers For All Food Commodities Sold

Seventy-five food dealers from various towns in the county met at the court house this afternoon following a call by County Food Administrator F. P. Robinson to discuss some of the problems of selling foodstuffs under the rules of the food administration.

One of the important things accomplished at the meeting was the naming of a fair-price committee composed of F. P. Robinson, representing the government, Ferd Townsend, representing the wholesalers, Harry Clutter of Hopkins, Chas. Zarn of Burlington Junction and Ed Schumacher of Maryville, representing the retailers, and one other person to be named by the Commercial Club, representing the consumers. The dealers will be governed by the prices for foodstuffs that are set by this committee meeting at regular intervals.

It was shown that there are now in the county 138,000 pounds of flour in the hands of retailers with an additional 40,000 pounds held by the wholesalers and it is likely that before the meeting closes this afternoon that the dealers will agree to purchase no more flour outside the county until the new crop of wheat flour comes in, distributing that now here so that all will have enough.

Many points concerning food rules were discussed and made clear, the dealers showing a desire to cooperate in any way that would aid the government.

DEDICATE A SERVICE FLAG

Lasher Red Cross Auxiliary Had An All-day Meeting Yesterday—Boy Scouts Take Part in Program

Fourteen Boy Scouts, accompanied by Scoutmaster M. A. Peery and Dan R. Baker, attended an all-day meeting of the Lasher Red Cross auxiliary yesterday, and in an impressive way raised a service flag for the Lasher boys who have answered the call of the colors.

At 12 o'clock an elaborate dinner such as the Lasher women know how to prepare, was served on the school play grounds, 'neath the large shade trees. Following dinner the Scouts gave a short program and a number of drills, all appropriate to the raising of the red and white flag with the two bright blue stars one for Ray O'Grady, son of Mr. and Mrs. Dan O'Grady, and Otis Gault, son of Mr. and Mrs. Lemuel Gault. Young O'Grady, who is now in France, left Maryville with the second contingent, September 19, 1917, and sailed from Camp Stuart, Newport News, Va., on April 6. Gault left October 3 for Camp Lewis, Wash., and is still at that place.

As yesterday was a regular work day of the auxiliary twenty-one workers were present and during the afternoon completed 1,075 2x2 wipes. Since the first of the year the Lasher auxiliary has completed 6,904 various surgical dressings and five comforts. The members present were Mrs. James Stevenson, Mrs. Lawrence Gault, Mrs. Lloyd Martin, Mrs. Henry Strauch, Mrs. Ed Gingrich, Mrs. George Masters, Mrs. Dan O'Grady, Mrs. Walter Williams, Mrs. Will Knepper, Mrs. Amelia Outs, Misses Frankie Masters, Mabel Riffle, Marie Lowe, Veronica O'Grady, Iva Williams, Lucile Masters, Lorena Gault, Ella O'Grady, instructor. The visitors were Mrs. Orville Willhoyte and daughter, Leora, and Miss Ada Gingrich.

The auxiliary is planning to hold an ice cream social and an entertainment on the night of July 4 at the school house. The money taken in will be used to buy supplies for their dressings. Every one is cordially invited to attend.

DROWNS GERMAN-MADE DOLLS.

San Francisco, June 20.—An officer at the Civic Center saw a little girl loitering around one of the fountains apparently reluctant to leave. He investigated and found that the girl had thrown several expensive dolls into the water. The officer rescued the "unconscious" victims and found a German trade marks on every one. Then he understood.

AUSTRIANS DEMAND PEACE

Following Food Riots at Vienna Labor Council Passes Resolution Calling for the War to End

London, June 20.—Grave food riots have broken out in Vienna and troops of cavalry have been rushed there to preserve order, said an exchange telegram from Amsterdam. It is reported the rioters have made hostile demonstrations in front of the premier's residence and that his house was stoned and shops were broken into and plundered. The Vienna labor council has adopted a resolution protesting against the food conditions and calling for peace.

WOMEN HURT IN RUNAWAY

Mrs. Chas. Ross and Daughter Thrown From Buggy When Horse Became Frightened.

Mrs. Charley Ross and daughter, Leona, suffered painful bruises yesterday when the horse they were driving became frightened and they were thrown from the buggy. Another child, Gladys Ross, escaped injury. Mrs. Ross and daughters had been visiting at the William Pliss home on North Water street, and were returning to their home when the accident occurred. Mrs. Ross and Leona were taken to the hospital, where they received medical attention and were then taken to their home.

ORDER YOUR COAL?

The following letter is being sent to newspapers over the state with the request that it be given publicity:

"The people of Missouri are not storing coal as rapidly as the emergency demands it should be stored.

"Despite repeated warnings there is an apparent indifference upon the part of many consumers and the many thousands who have not yet placed their orders should be made to realize their duty in this important matter.

It is true that dealers are not filling all orders promptly because of the difficulty in securing certain grades of coal at this time, but this should not deter the consumer from placing his order—and until this is done he has failed in his patriotic duty.

There will be no further shipment of Pennsylvania anthracite to Missouri. This is final and authoritative. Users of hard coal base burners must burn either coke or Arkansas anthracite or change the stove bowls so that soft coal may be burned. Otherwise there is no alternative except to set the base burner aside. This is one of the sacrifices we must make in support of the government war program.

Your people must be content with what coal they can get, and as many Missouri and Kansas mines, also Illinois mines, are not operating full time for lack of orders, I hope you will urge the public to ask for coal that is available and secure it at the earliest opportunity.

There is a shortage in production that cannot possibly be overcome, but the situation may be made less serious in proportion to the amount of coal placed in the bins of consumers during the summer.

"Will you join the state fuel administration in laying this matter before the people and in warning them against the consequences of their own neglect? Will you also, if there is wood fuel available in your locality, insist that whenever possible, wood should take the place of coal?

"Yours very truly,
"WALLACE CROSSLEY,
"State Fuel Administrator."

"Jefferson City, Mo., June 15, 1918."

73 IN TODAY'S CASUALTY LIST.

Washington June 20.—Seventy-three casualties are announced today by the war department. THE AUSTRIANS HAVE LOST MOST OF ADVANTAGE GAINED—TIDE IS TURNED

HUNS PLAN ATTACK ON THE AMERICAN FRONT

Behind the Lines at Toul Preparations Are Noted For a Big Drive—Troops and Munitions Made Ready

London, June 20.—The International News Service learned this afternoon from authoritative sources that the Italians have recaptured Capo Sile and all ground between Zenzon Loop and Fosetta Canal by a series of counter attacks.

Washington, June 20.—The Austrians have lost most of the advantage gained at Montello, according to an official dispatch from Rome received today at the Italian embassy. While further details are lacking, Italian officials here expressed confidnece that the Italian front was turned in favor of the Allied cause.

Rome, June 20.—The Italians gained more ground in local counter attacks in the sector of Asiago Plateau, according to the latest reports. Hundreds of Austrian prisoners were captured as well as machine guns. Fighting that is termed "lively" is progressing around Montello and on the lower Piave.

Paris, June 20.—Evidence accumulating that the Germans are planning a strong local attack against the Americans on the Toul front. The boches artillery liberally shelled the Arras rear line. Heavy train and truck movements behind the German lines are reported.

London, June 20. — Great artillery activity has developed in the Somme and Ancre valleys on the Picardy front and near Albert and Labasse, the war office stated today. Raids were carried out in the Lens and Ypres sectors on the Flanders front.

Paris, June 20.—"Our detachments penetrated the enemy's lines between Montdidier and the Oise river and in the region of Boislechamme," the French war office announced today, adding that "they brought back twenty prisoners. Nothing of importance has taken place on the rest of the western front."

Miss Neva Key was hostess to the members of the Mary Lawrence Circle of the First Christian church last night at her home. Following the regular program dainty refreshments were served by the hostess.

Mr. and Mrs. Marve Curnutt were guests yesterday of Mrs. Curnutt's grandmother, Mrs. M. C. Wray, in Hopkins.

Mrs. Leonard King of Ravenwood and her sister, Mrs. T. C. Bohannon of Kansas City, were in Maryville today.

Miss Maude Waldon of Bedison underwent an operation Tuesday at St. Francis hospital. Her condition is slightly improved.

Misses Coletta Linneman and Florence Wilcox of Conception Junction were in Maryville today.

Mrs. Willis Gray and sons of Pickering were in Maryville on business today.

Hooray! Baby To Rule the House

No Longer Do Women Fear The Greatest of All Human Blessings.

Thousands of women no longer resign themselves to the thought that sickness and distress are natural. They know better, for in Mother's Friend they have found a wonderful penetrating remedy to relieve many dreaded experiences.

Nervousness, bearing-down and stretching pains are among the disheartening and distressing experiences women everywhere say they entirely escape during the period of expectancy by the use of Mother's Friend.

Here is a remedy that softens the myriad of broad, flat abdominal muscles just beneath the skin, enables them to expand without the usual strain upon the ligaments and nerves and assists nature to make it possible for women to go through maternity without many of the dreaded symptoms so familiar to a host of women.

By regular use throughout the period the muscles expand easily when baby is born, and pain and danger at the crisis is consequently less.

Mother's Friend is for external use only, is absolutely and entirely safe and has been used by thousands of women awaiting the greatest time in a woman's life for over half a century.

Write the Bradfield Regulator Co., Lamar Bldg., Atlanta, Ga., for their "Motherhood Book," so valuable to expectant mothers, and in the meantime obtain a bottle of Mother's Friend from the nearest drug store. Begin its use strictly according to directions with every bottle, and thus fortify yourself against pain and discomfort.

Thrift Stamp Gambling Approved.

San Francisco, June 20.—San Franciscans gasped with horror when they learned through responsible sources that gambling was "going on" in the local custom house, and not only had been sanctioned by the United States government officials, but that the government itself was the "keeper of the game."

Employees and even visitors buy chances on a dollars worth of thrift stamps and choose a numeral up to nine. If that number proves to be the final figure of the day's city bank clearings the holder wins the thrift stamp. Since March 25 $700 worth of stamps have been sold in this manner.

DANGEROUS TO DRIVE OVER MANY ROADS

Until road overseers comply with the law and cut the weeds and brush along the roadside in their respective districts there will be many miles of really dangerous highways in Missouri. The law requires all road overseers to cut weeds and brush found growing along the roadside during the month of August, but the roads in many sections are dangerous now and the road overseers should at least remove all weeds and brush at corners and along ditches in order to make travel more safe along our public highways.

FATHER A CORP.; SON A SERG'T.

Denver, June 20.—George H. Hughes, 40 years old, enlisted in the national army at the first call of President Wilson for volunteers. Richard A. Hughes, 18, son of George H., with the consent of his father, enlisted a few days after the parent. Both were sent to Camp Kearny, Calif., where, a letter from the father says the son has become a sergeant of the company in which the father is a corporal.

Miss Colden of Maryville was a guest over Sunday in the H. B. Griffith home. Miss Colden will teach in the city schools here again the coming year and is spending the summer vacation as assistant librarian at the Maryville State Normal. She is a very bright and attractive young lady and has made many friends in this city by her pleasant and lady-like manners.—Hopkins Journal.

Utilities Ask to Exist, Not to Profiteer

"The Price of Service Must Meet Its Cost"

Unlike the merchant, the baker, the manufacturer, or anyone engaged in a private business, a Public Utility cannot regulate the price it charges by the cost of doing business.

Controlled and regulated both as to service and rates by the Public Service Commission, they must apply to that body before any change can be made. They must place themselves and their situation in the hands of the people for the relief that is absolutely necessary if they are to continue solvent and give the service which the communities they serve demand.

This condition is not alone a matter of concern to the companies affected. The Government itself is alarmed and President Wilson has asked that communities and local boards hasten to render some immediate relief so that the services upon which so much depends be not curtailed or impaired. He says in a letter to Secretary McAdoo:

"I hope that State and local authorities, where they have not done so, will, when the facts are properly laid before them, respond promptly to the necessities of the situation."

Prices for everything have been steadily advancing, as every consumer knows. All the staples cost more. The five-cent loaf of bread, the fifteen-cent collar, are things of the past. And these prices have been raised because of the increasing cost of production. But the merchant or the manufacturer can advance his price immediately. He doesn't have to ask permission.

But with utilities it is different. No rate can be changed without the order of the Commission. And before that is issued every card must be laid face up on the table. Every item of expense must be shown. There can be no evasion.

In asking for relief the Public Utilities of the State of Missouri are not asking to profiteer, but to exist. The reason for the present situation is simple:

The prices paid **To** utilities for the things they sell (gas, electricity, water, car rides), are based on conditions **Before the War Started.** The prices paid **By** the Utilities for the things they buy are based on conditions **Since the War Started.**

JUNE BRIDE CROP SMALL.

June brides are a conspicuous scarcity this year. There are fewer than during June of the two previous years by a wide margin. The big rush was last year when many couples were married previous to the exodus of young men to the war. Only nine wedding permits have been issued so far this month.

MORE DEADLY THAN A MAD DOG'S BITE

The bite of a rabid dog is no longer deadly, due to the now famous Pasteur Treatment, but the slow, living death, the resultant of poisoning of the system by deadly uric acid is as sure and inevitable as day follows night.

No other organs of the human body are so important to health making as the kidneys and bladder. Keep your kidneys clean and your bladder in working condition and you need have no fear of disease. Don't try to cheat nature. It is a cruel master. Whenever you experience backache, nervousness, difficulty in passing urine, "get on the job." Your kidneys and bladder require immediate attention. Don't delay. This is the time to take the bull by the horns. GOLD MEDAL Haarlem Oil Capsules will do the trick. For over two hundred years they have proven meritorious in the treatment of diseases of the stomach, kidneys, liver and bladder. It is a world-famed remedy, in use as a household necessity for over 200 years.

Elder Harlan preaches at Palestine, Lord's Day, June 23, at 11 a. m. At night he will speak at Graham and the Endeavorers will have charge of the services. Christian Endeavor at 8; preaching at 9 p. m.

Two young ladies were buried with their Lord in baptism at Maitland last Sunday afternoon. The building here is receiving a new coat of paint on the inside. A splendid program and a good offering is reported from the Children's Day services last Sunday. Maitland has the honor this year of entertaining the second district C. E. convention June 29-30. A splendid program has been prepared which will be beneficial to all delegates.

Barnard M. E. Church.

"Go to Church Sunday" will be observed at this church next Sunday. The pastor, Arthur S. Olsen, will preach both morning and evening. Morning service 11 a. m.; subject, "Why Go to Church?" Evening service 8:30 p. m.; theme, "The Lost Christ." The orchestra will play and the male quartette will sing.

Strangers made welcome.

A. S. OLSEN, Pastor.

NOW COMES THE FOOT SPECIALIST

This is certainly an age of specialization. Maybe that is why it is an age of such unprecedented progress.

The latest is the foot specialist—the man who makes a life study of the human foot and of how to correct and overcome the troubles that it is heir to. There is a college in Chicago conducted by Dr. Wm. M. Scholl, the well known foot authority, where nothing but foot anatomy and the giving of foot comfort is taught.

The foregoing remarks are suggested by the announcement of the Bee Hive Shoe Store of this city that a foot specialist from Chicago, trained personally by Dr. Scholl, will be at that store from Friday to Saturday to demonstrate the Scholl Foot Comfort Appliances to examine feet and give advice without charge. We predict a busy time for him. Adv.

WILL YOU DO IT?

The rooster at this time of the year is proving himself to be a kaiser to the food supply, and his only purpose is to destroy good wholesome food. Fully one-third of the fertile eggs now coming to market show some degree of chick development, and it usually takes two or three days more time to get these eggs delivered to a place of refrigeration. By that time many of these fertile eggs are unfit for food and have to be destroyed. If the producer will adhere strictly to the following simple rules there will be no loss in egg quality and producer dealer and consumer will be happy: First, dispose of the (kaiser) rooster. Second, shut up all setting hens every night. Third, gather eggs carefully every day. Fourth, put them in a cool dry place. Fifth, market them once or twice a week.

This is not an ad for business on my part, but an appeal to the producer to do his duty—helping himself, the dealer and the country.

Stop Itching Eczema

Never mind how often you have tried and failed, you can stop burning, itching eczema quickly by applying a little zemo furnished by any druggist for 35c. Extra large bottle, $1.00. Healing begins the moment zemo is applied. In a short time usually every trace of eczema, tetter, pimples, rash, blackheads and similar skin diseases will be removed.

For clearing the skin and making it vigorously healthy, always use zemo, the penetrating, antiseptic liquid. It is not a greasy salve and it does not stain. When others fail it is the one dependable treatment for skin troubles of all kinds.
